

Information Security Policy Statement

CENTRAL INFORMATION SYSTEMS DIVISION

Ministry of Information Technology, Communication and Innovation

Information Security Policy Statement

CISD provides ICT Support Services to Government Institutions appropriate to the context within which it operates.

Our information security objectives are to protect all information & information processing facilities against security threats, including those arising from climate change and AI, to minimise the impact of security incidents and to ensure business continuity of CISD.

We are committed to ensure that:

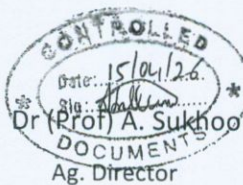

Confidentiality, integrity and availability of information is maintained during provision of our services while complying with all applicable information security requirements.

Appropriate resources are allocated in order to implement, operate and review an effective Information Security Management System.

Information security awareness is provided to all employees.

The ISMS policy and related documents are reviewed, at least on an annual basis or when significant changes occur.

The Information Security Management System is continually improved.
